

\$4 BILLION from CANADA

RESULTS
Canada

to **END POVERTY** in 2014

\$3.5 Billion

for maternal, newborn & child health making it Canada's top international development priority

\$650 Million

to accelerate progress towards ending AIDS, TB & Malaria through the Global Fund

\$500 Million

to ensure life-saving vaccines reach the world's poorest children in +70 countries through Gavi, the Vaccines Alliance

\$200 Million

to a global financing facility for newborn, maternal & child health programs through the World Bank

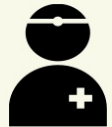

\$150 Million

for nutrition programs delivering essential micronutrients to women & children through the Micronutrient Initiative

\$40 Million

for strengthening immunization programs in Francophone Africa & country health systems through Gavi, the Vaccines Alliance

This is all because of the hard, strategic work of RESULTS Canada citizen advocates and staff from 2010-2014
