

YOU CAN ENSURE EVERY CHILD HAS THE BEST SHOT AT A FULL & HEALTHY LIFE

Canadians called on their Government to ensure education for all by:

Publishing Letters to the Editor

Taking to Social Media

Sending letters to their MPs and Decision-Makers

Meeting with their Members of Parliament

The result? Canada pledged the Global Partnership for Education (GPE)

\$60 Million
(2011 to 2014)

The GPE ensures the poorest, most vulnerable children have access to a basic, quality education

How has this helped the world's children?

22 million
more children are in primary school
(since 2003)

69%
of girls finish primary school
(in GPE countries)
